

## NOTICE

### Conditional Reopening of the Pool as of June 1, 2020

Dear Owners/Residents,

The Landings of Tampa Condominium Association Board of Directors has approved the conditional reopening of the pool as of Monday, June 1, 2020.

The Board is aware of the safer at home restrictions and with the recent easing of restrictions we are working to accommodate you, our neighbors, to safely and prudently enjoy your amenity while also encouraging each of you to act in a safe and respectful manner.

- **The POOL will be open from dawn to sundown for RESIDENTS Only. No guests will be allowed at this time.**
- **You are asked to refrain from allowing anyone through the gate who does not have a key. If non-residents are allowed in, the pool may be closed again.**
- **We ask everyone to socially distance themselves from others and to site with immediate family only.**
- **We have placed wipes and hand sanitizer inside the pool area and ask that each of you wipe your area prior to sitting down or arriving and upon leaving for the day as well. By following this protocol we can work to assist in protecting each other and the community.**
- **The Association will have maintenance staff disinfect the chairs, lounge chairs, tables and bathrooms periodically thru the day.**
- **All pre-existing pool rules and regulations remain in effect.**

We are working diligently to make decisions that are prudent and responsible and encourage your patience, support and understanding. We also ask for your actions to comply with the above requests. If many of these issues are not in place we will be forced to close the pool again until such time that we are told it is safe to re—open.

Thank you in advance,

Your Landings of Tampa Condominium Board of Directors
